

BLUMETRIC ENVIRONMENTAL INC. QUALITY POLICY

The responsibility for Quality is shared by all BluMetric Environmental Inc. (BluMetric™) employees and subcontractors.

Our clients shall receive the best that we can provide in service, knowledge, understanding, cost efficiency, innovation and teamwork. By understanding the needs of our clients we shall deliver products and services that meet or exceed their expectations.

We shall treat our clients, suppliers and subcontractors, and our colleagues with respect and dignity, and never compromise our professional integrity or business ethics.

We understand that we must conduct our business profitably, and with appropriate regard for the various risks that we face in conducting our work.

Our commitment to Continual Improvement is demonstrated through investment in personnel, methods and technologies that may increase the value of products and services we deliver to our clients.

The Management of BluMetric Environmental Inc. shall ensure that this Quality Policy, and the Quality Management System that supports it, are communicated, understood, implemented, maintained across the company at all levels.
